Mission Statement

St. James the Apostle School is a Catholic community of learning united in our common belief of Jesus Christ. As an educational community, we foster the development of the whole person. By providing our students the experience of learning, living and loving in this educational environment, and by using a variety of creative approaches to meet their needs, we enable them to lead meaningful, productive and enriching lives in today's world. Our educational goals are based upon respect for the unique dignity of each person. Our mission is to integrate the teachings of Jesus on salvation, community and service into our students' lives. Each child is to be treated with respect in order to nurture a positive self-image. Our school, motivated by Catholic ideals works with its students toward a more just society.
